Dear Authors,

Please follow these instructions to prepare and submit your Camera-ready paper to IDT2016

## Step 1: Paper Formatting

➢ Paper submissions should be complete manuscripts, not exceeding **six pages** (fees will be added for extra pages: 50 Euros/page).

➢ Pages **MUST NOT be** numbered. The title and the author list of an accepted paper can only be changed, in the final manuscript, upon approval from the IDT2016 co-chairs.

➢ Papers must be in the IEEE proceedings two-column format (A4 size). You can find the templates provided by IEEE at
http://www.ieee.org/conferences_events/conferences/publishing/templates.html

Papers with formatting that does not exactly follow the template will not be accepted by IEEE Xplore and cannot be published.

## Step 2: Preparing the Paper for IEEE Xplore

➢ Please make sure to add the IDT2016 **copyright notice** to the bottom of the first page of your source document before creating PDFs

For papers in which all authors are employed by the US government, the copyright notice is:

**U.S. Government work notprotected by U.S. copyright**

For papers in which all authors are employed by a Crown government (UK, Canada, and Australia), the copyright notice is:

**978-1-5090-4900-4/16/$31.00 ©2016 Crown**

For papers in which all authors are employed by the European Union, the copyright notice is:

**978-1-5090-4900-4/16/$31.00©2016 European Union**

For all other papers the copyright notice is:

**978-1-5090-4900-4/16/$31.00 ©2016 IEEE**

## Step 3: IEEE Xplore-compliant Paper Approval

Final Papers for IDT2016 must be IEEE Xplore-compliant. For this aim, we have set up a PDF eXpress Plus page ( http://www.pdf-express.org/plus/) for you to upload your paper for approval.

If the paper conforms to all guidelines, you will receive an email with a watermarked PDF back from PDF eXpressPlus.

Do not forget to include the copyright notice in your PDF, as changing the paper later invalidates the PDF eXpressPlus watermark.

If you have not used PDF eXpress before, you will need to create an account first.

You will also need the IDT2016 conference ID "**40755XP**" for IEEE PDF eXpressPlus.

## Step 4: IEEE Copyright Form

IEEE policy requires that, prior to publication, all authors or their employers must transfer to the IEEE any copyright they hold for their individual papers. Transferring copyright is a necessary requirement for publication, except for material in the public domain or which is reprinted with permission from a previously published, copyrighted publication.

The IEEE Copyright Form (http://www.ieee.org/publications_standards/publications/rights/copyrightmain.html) must be completed, hand–signed and sent to IDT2016 with the Camera-ready papers.

## Step 5: Paper upload

After the above steps have been completed, please upload a copy of the PDF you get from PDF eXpressPlus and the corresponding copyright to Easychair.

➢ If you are encountering any troubles with camera-ready submission, please contact publication chairs (oussama.ghorbel@gmail.com or achenouf@cdta.dz).

Regards,

IDT2016 publication co-chairs

Oussama Ghorbel & Amel Chenouf.
